THE MAIN INGREDIENTS

Submarine sandwiches are America's alternative fast food. Sub shop franchises are one of the fastest growing franchise concepts today. This growth trend is driven by consumers wanting more "fresh" and "nutritious" food - fast!

1969, Altamonte Springs, Florida. A city on the verge of an economic explosion; John and Beverley Sobik open the original Sobik's Sandwich Shop. Sobik's receives rave reviews from the very beginning for its great tasting sandwiches, fast, friendly service, and affordable prices.

1972, Orlando, Florida. The city is fast becoming America's #1 tourist destination. Witnessing their success, customers and savvy business people inquire about the possibility of owning and operating their own Sobik's Sub Shop. The Sobik's System is carefully developed and offered to a limited group of entrepreneurs.

1981, Orlando, Florida. Orlando is growing and so is Sobik's Subs. The Sobik's System - the main ingredients for our success - is perfected! Five very successful and prosperous franchises expand into forty over the next decade.

1997, Longwood, Florida. Jreck Subs Group, Inc. purchases the right to SBK Franchise Systems and the licensee rights to Sobik's Subs. Sobik's quickly becomes a Division of one of the fastest-growing QSR chains in the country.

2001, Heathrow, Florida. Ultimate Franchise Systems, Inc., the franchise management company that operates the Sobik's Subs chain, spins off Sobik's into a public company, Sobik's International Franchising, Inc..

2004, Heathrow, Florida. Sobik's International becomes Quality Restaurant Ventures, Inc. opening the door to continued expansion with multiple co-branding opportunities.

PREPARING FOR SUCCESS

Answers to your questions...

Is previous restaurant experience required?

No, of course it helps, but everyone has designed the Sobik's System for ease of operation. The training course provided as a part of your franchise package will provide you the foundation necessary to successfully operate your franchise. Additionally, follow-up and on-going assistance will be provided. Your training really never ends. It's all up to you.

Can I franchise more than one unit?

The initial term is ten (10) years. The agreement is renewable, subject to your performance during the initial term. There will be a renewal fee of 25% of the original franchise fee at that time.

Where do I obtain financing?

The most common source for financing is your local bank. Sobik's International Franchising does not provide direct financing.
